GUSTAVO RAMIREZ

STRATEGIC DATA & AI TRANSFORMATION LEADER

+34 676828227 gustavo_rp@yahoo.com Barcelona, Spain

gustavoramirezperez

Strategic Data & AI Transformation Leader with 20 years of experience mainly in high-pace consulting firms and corporate global institutions like the European Commission. Expert "Bridge" between IT and Business teams for different areas and sectors, specialized in delivering Data Driven Transformation. Proven track record in managing multicultural teams and delivering complex data projects that serve as the essential foundation for IA transformation.

CORE EXPERTISE

- **Strong Data Foundations:** Strong expertise in Data Analytics, Data Strategy, Data Management and Governance, delivering high-quality projects which are an essential step for AI transformation.
- **Consulting Mindset:** Expert identifying business pain points and conducting diagnostic gap analyses, becoming the Business-Tech "bridge" and translating high level business needs into prioritized technical roadmaps
- **Business Knowledge & Process Optimization:** Strong business expertise across different sectors (FMCG, Retail, Public Sector, etc.) and practices (Marketing, Sales, Finance, Operations and HR). Involved in Process Mining projects and acted as Key user in SAP-MM implementations, with a Background in Industrial Engineering
- **Stakeholder Management:** Advisor to Top Management and Business partner for Key stakeholders in Enterprise organizations
- **High-Level Communication:** Skilled at tailoring messages to different audiences and stakeholder levels, translating complex ideas into clear messages and delivering high impact conferences, workshops and lectures
